Scale (%)
 Fit to printable area
 Actual size
 100

Check scale here:

1 inch

1 cm

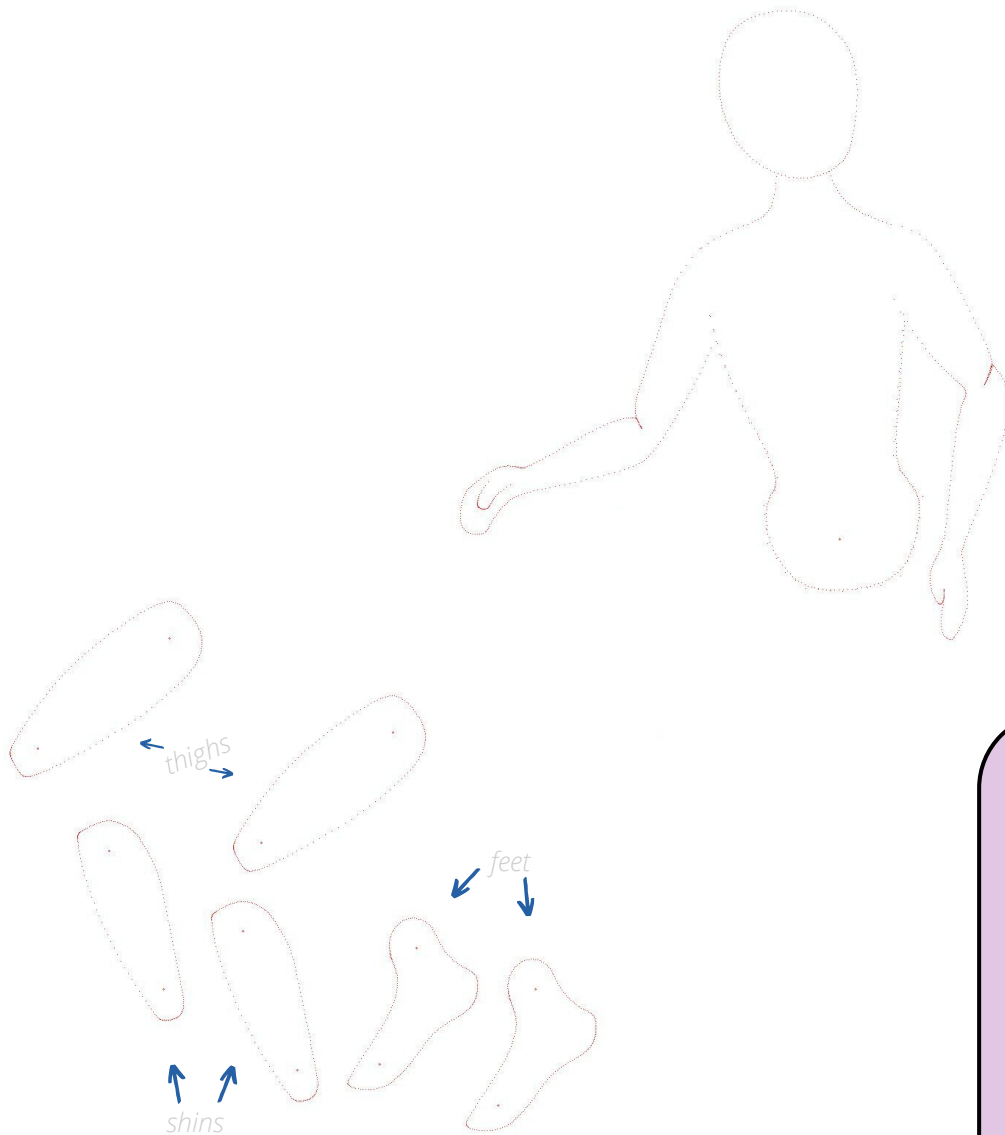

WALKING CHARACTER

Customize Your Character!

- Draw your character on top of the faint outline below.
- Be careful not to change the length on the leg and feet pieces so the motion works correctly. You can add fur, scales, or clothes though!
- Changing the body/arms/head won't affect the motion, so let your imagination go wild!
